Newsletter 10

Principal's Word

Welcome back to term 3, hopefully you are all feeling relaxed and re-energised. This is a busy term for the teachers and students with lots of interesting learning activities, special events and sporting events occurring.

New families

We would like to extend a warm welcome to a number of new and returning families who have commenced at Safety Bay Primary School this term. We look forward to getting to know you and your family as term 3 progresses.

School Photos

School photos are to be taken on 3rd and 4th August. You will have received information regarding the process for purchasing photos. The form must be brought back to school **ON THE DAY OF THE PHOTOS**. Family photo envelopes can be collected from the office and need to be returned to the office prior to Monday. They are a great memory of your child's schooling and to see how they change.

KidsMatter

During the holidays, shelves were put in the storage shed at the end of the library. We are still asking for donations of equipment towards the Safety Bay Playground Project. If you think you can help, please have a look at the wish list in the KidsMatter section of the newsletter. On Wednesday 5th August at 2.30pm in the staff room, I will run an information session for parents of students in Year 1 and 2 about the project.

Special Days

As a parent I am well aware that there are special events during the term that with some advance notice eliminates the last minute stress. Week 6 is Book Week, on the Friday the students and teachers are being asked to dress up as their favourite book character. This should be a fun way to conclude the week. On Thursday 3rd September we will be having a Learning Journey from 5.00pm—7.00pm. The Learning Journey will provide you with the opportunity have a look at the hard work your child is doing in the classroom. This is also an informal way to have a chat with the classroom teacher as well.

Principal

PARENT HELPERS PLEASE!!!

Our annual 2km Cross Country run for the Years 4—6 is to be held tomorrow, Thursday 30th July around and slightly out of the school grounds. So that we have eyes on the children at all times, if you can spare some time to be a "spotter" on the course it would be appreciated very much. The task is very simple, just standing at a spot, watching the children run past and encouraging them along if you like.

If you are able to assist with this, can you see Mrs White before school tomorrow morning and she will assign you a place. Thank you very much for this.

SUPPORT OUR SCHOOL

The KidsMatter team with support from our P & C have been working for some time on getting a playground project happening at our school. This playground initiative has come from the Sydney Playground Program and will now become the Safety Bay Playground Project. This is about promoting active, creative and social play for children. The Program came about originally due to children spending more time indoors or being engaged in structured activities. This program is about free play and its benefits which include social, emotional and cognitive development.

Initially we will commence the project with the year 1 and 2 students. This will be done on a rotational basis so that the classroom teacher can supervise the children and set in place some safety rules.

Equipment that we require needs to be safe and secure to prevent injuries. We are after the following equipment:

- Car and bike tyres
- Medium sized cardboard boxes
- Rope – heavy and light
- Clothes pegs
- Large pieces of cloth
- Tarps (these will be stitched together and stuffed with foam to make soft fall mats)
- Buckets of assorted sizes
- Plastic Barrels
- Hessian sacks
- Hoops and pool noodles
- Furniture such as old cane chairs, baby baths,
- Shell sand pit
- Bendable pipes and plastic pipes
- Car steering wheels
- Old water dispenser barrels

If you are able to provide any of the above equipment, can you please give Kim Elliment or Leanne Allen a call at on 9528 3680. This will ensure that we are not inundated with too much equipment and a variety.

SIMS CLASSICAL GUITAR

On Tuesday 30th July, the SIM classical guitar students from Safety Bay Primary School participated in the annual SIM Primary Guitar workshops. This excursion involves around 1000 Perth students, and I was so proud that the students from our school were invited to participate.

At this excursion students learnt about performing in a guitar ensemble and sight-read lots of new music. Although it was challenging, the students were excited, fully engaged, cooperative and answered lots of questions.

At the end of the workshop the parents were serenaded with a performance of all the pieces learnt. The event was a huge success and I can honestly say the teachers were very proud.

Thank you to all students for your exemplary behaviour and also a big thank you to all the parents that assisted with transport on the day.

KINDY CORNER

On Monday 27th July and Tuesday the 28th July the kindy children had their learning journey. The children loved sharing their work with their parents and showing what they could do. As teachers we were thrilled with the amazing turnout and enjoyed sharing this experience with the parents and children. We look forward to continuing to build on these collaborative partnerships for the rest of the year.

We would also like to say a huge thankyou to a few amazing parents and grandparents that helped us make some coloured vests for our group rotations. THANK YOU Vivian Blycha, Elizabeth Law and Peta Lang. The children love the vests, not only putting them on and looking very smart but for their sense of belonging and responsibility to their colour group. It has also made the organisation and control of these group rotations much easier for the teachers.

KIDS HEALTH

Fruit and vegetables as sources of nutrition

- ⇒ Fruit and vegetables are good sources of vitamin A. Vitamin A is found in large amounts in dark green, yellow and orange fruit and vegetables eg carrots, pumpkin, spinach and rockmelon. Vitamin A keeps skin and eyes healthy and also defends the body against infection.
- ⇒ Fruit and vegetables are good sources of vitamin C. tomatoes, capsicum, broccoli, cabbage, citrus fruit, rockmelon and kiwi fruit. Vitamin C helps your body to absorb iron from food.
- ⇒ Fruit and vegetables are good sources of folate. Folate is found in green vegetables, dried peas, beans and lentils. Folate has been found to prevent the birth defect spina bifida.
- ⇒ Fruit and vegetables are a good source of fibre. High fibre foods are filling so they help satisfy appetite for longer.

It's back!
