

Learning Support Class

On Tuesday the 28th February the students from the Learning Support Class attended an Interschool ESC Beach Carnival day organised by staff from four Education Support Units in the Rockingham and Mandurah area.

The day was about the students getting to know other students with similar needs. The students from Safety Bay were split between several groups and participated in ten different activities. Activities included a sponge and bucket relay, three-legged race, swimming, tug-o-war, boogie board relay and sand play. The children also enjoyed an icy pole and piece of watermelon with their friends.

The students from Safety Bay had a wonderful day and really appreciated the invitation to the Beach Carnival Day.
